cbsum1c2b003

cbsum1c2b004

cbsum1c2b005

cbsum1c2b006

Setup passwordless access.

https://biohpc.cornell.edu/lab/doc/parallel_exercise1.html

All Weill and Qatar employees can request for NetID.

All Cornell collaborators can apply for sponsored NetID

See details at:

<https://it.cornell.edu/netids/how-request-sponsored-netid>

Storage

/workdir: physically located on each BioHPC computer

/home: shared network drive, do not compute large files directly

The BLAST2GO output is a Windows file, not a LINUX file

- How to check?
- How to change?

```
file myresult.annot
```

```
myresult.annot: ASCII text, with CRLF line terminators
```

```
dos2unix myresult.annot
```

```
file myresult.annot
```

```
myresult.annot: ASCII text
```
